To: Provosts and Chief Academic Officers

From: Paula K. Compton, Associate Vice Chancellor, Articulation and Transfer

Date: November, 3 2021

Subject: Request to Nominate Faculty Members for Industry Recognized Credential Transfer Assurance Guides (ITAGs) Development Panels

We have started the work to announce the first ITAGs, which will build upon existing Career-Technical Assurance Guides (CTAGs). Panels of faculty experts and industry representatives are needed to help align the outcomes of credentials to postsecondary learning outcomes.

To ensure appropriate institutional representation, we are now accepting faculty nominations. While each individual ITAG to be developed during the initial stages has not yet been identified, general areas of expertise have.

As you work to nominate faculty, please remember that ITAG development panel members help to build a seamless transfer system in Ohio, and their duties include:

- Developing alignments between postsecondary learning outcomes and the knowledge, competencies, and skills signified by credential attainment.
- Working with fellow faculty members, industry representation, and other stakeholders across the state.
- Working with a panel lead in their specific discipline or area.
- Reviewing credentials.

How to Nominate Faculty:

We have designed a survey that will allow you to submit your faculty nomination(s). Please have one person from your institutions respond to the survey. You will be able to name faculty and select their areas of expertise. Please visit the following survey website to complete your nomination(s) on or prior to **November 17, 2021**: <https://www.surveymonkey.com/r/NQHW8LN>

As institutional recommendations are received, we will determine which recommendations/institutions will best complete each panel. Selected individuals, along with their Provosts/Chief Academic Officers, will be notified. We sincerely appreciate your continued support as we work together to better serve the students of Ohio. Should you have any questions, you may contact Nikki Wearly, Director of Career-Technical Education Transfer Initiatives at nwearly@highered.ohio.gov.
